## R134a CHARGE AMOUNTS/PAG LUBRICANT CHART

**APPLIED VEHICLES:** All equipped with R134a A/C systems

### SERVICE INFORMATION

For reference, the chart on page 2 has been prepared. It contains information by vehicle model and year regarding A/C systems conversion dates to R-134a type systems. Please note, the dates shown indicate the conversion date at the manufacturing level, not on dealer installed units.

Additionally the PAG lubricant type, part numbers and system recharge amounts are listed for each model.
